<b>Power</b>	2300W
<b>Nominal pressure</b>	Preset to 1 bar

# MOBILE HANDWASH STATION

Designed for demanding applications – 200 hand washes per fill

**Water supply**

On-board fresh water and waste water containers so no plumbing is required to install the unit

**Pre-configured**

All setup is completed in the manufacturing process so that the unit is plug and play

**Touch-free**

Minimise infection risk with no touch required for soap dispenser or tap

**Mixing valve**

The water is mixed at 42°C by a TMV3 valve for compliance

**Mess-free**

Anti-drip bezel and 12" splash-back to keep the surrounding area clean

**304 Stainless**

Stainless steel build for hygienic applications and long-lasting durability

**Soap refill**

A 1.6L soap vessel will last for many washes and is quick release for easy refilling

**Approved**

All Wetted parts are WRAS approved or food grade to ensure necessary approvals are in place

**Castors**

Swivel castors, 2 with brakes, so it can be wheeled into position and fixed

**Available now**

Manufactured in the UK with a lead time of only 1-2 weeks

**External connections**

- Clean water** 12mm LDPE push fit (hose extension included in external connection kit)
- Waste water** 3/4" hose tail (hose extension included in external connection kit)
- Electricity** Standard UK plug with 13A fuse
